

# Glutect

Team Members

# Ahmed Zahlan - Founder

- PhD student in Innovation and Entrepreneurship at Afirca Business School. As someone who suffers from Celiac Disease, I am adamant about making GLUTECT breakthrough, as the need for it in the medical community continues to rise.
  - My passions lie within the field of innovation and empowering people around the world suffering from Celiac Disease to embrace and be proud of their illness.
- 

# Reem Chebli – Chief Medical Officer

- As an MD, I'm trained to do probability analysis and pattern matching on the fly. I form hypotheses and then do experimentation to see which hypothesis is valid and which can likely be discarded. As a humanist, seeing how "ordinary" people are sometimes so mishandled and confused by the experience of being a Celiac patient, also makes me a better product manager and sensitive to product design and user experience issues.

# Sara El-Ateif - CTO

- Ph.D. student in Machine Learning applied to Healthcare at ENSIAS, Rabat. Certified in Data Foundations and Deep Learning from Udacity. In Glutect, I help analyse surveys, study our indirect competitors and find opportunities that could help us make Glutect vision come true. I enjoy and find great satisfaction in using my technical skills to help improve fellow humans life's and I believe that joining Glutect will help me achieve that goal.
- 

# Youssra Assali - CTO

- Master student of electrical engineering at ENSAM of Rabat. In Glutect I helped with customer interviews and their analyzes. I am delighted to help in realizing the prototype. The reason I joined Glutect is because it is first and foremost a social project that will help millions of people around the world struggling with celiac disease in their daily lives. In addition, my technical skills match perfectly to the needs of the project which will help us to realize the vision of Glutect.

The slide features decorative elements consisting of several circles of various colors (pink, purple, blue, orange) scattered in the top-left and bottom-right corners. The main content is centered on a white background.

# Mouad Touil - CFO

- Finance Student on Bsc. , passionate about Sport and Innovation.

I am glad to join GLUTECT to share my expertise in the count's field. Inside GLUTECTI am in charge of all the accounting and Market analysis. I believe that GLUTECT will have a significant impact on the celiac community, and this is one of my mission in life, which is facilitating the life of others.
