

OUR TEAM

Dr. Kawtar RETMI

**Research and education fellow
at ISMB-MS-UM6P**

Phd in Industrial Engineering
and Management Sciences
Research topics: Modeling and
Simulation of logistics systems,
Hospital logistics, Cost model

Pr. Fatima OUZAYD

**Full Professor at ENSIAS-UM5-RABAT
Industrial Engineering and operations**

Research topics: Modeling and
Simulation of logistics systems, Hospital
Logistics, Lean Health Management,
Multi Agent System, Process Mining.
