

Founders overview

Mohamed DERDOUR, founder and CEO of EntomoNutris, holds a master's degree in Marketing and Business Strategy, and is currently a student at HEC pursuing a undergraduate degree in Business Management and entrepreneurship. With 13 years of professional experience in sales, customer relations, and business development across various industries including banking and finance, pharmaceuticals, and the automobile industry, he has undertaken various entrepreneurial projects alongside his salaried positions. EntomoNutris is the culmination of his solid field experience and the scaling up of his entrepreneurial actions. His role at EntomoNutris involves strategic and operational management of its various aspects, and he has successfully assembled a highly qualified, committed, and motivated team of 15 members from diverse disciplines, including science, finance, engineering, sales development, and marketing. A competent business leader and effective hands-on manager, he possesses a charismatic entrepreneurial spirit.
